

with **Outstanding** for Caring Service

Case Management and Community Rehabilitation Services

Katie Cronin – Associate Case Manager - Midlands

Katie qualified as Physiotherapist with a BSc in Physiotherapy from The University of Birmingham in 2003. She later went on to complete an MSc in Acupuncture which she uses clinically for pain relief for her patients with long term needs. She joined AJ Case Management as an Associate Case Manager in 2017.

Her experience in both the NHS, and latterly in private practice as a Director in a Midland clinic, has involved liaising with Multidisciplinary teams and coordinating services for rehabilitation has been a prime component.

In addition, her close work with legal professional has allowed her to compile clear, concise rehabilitation reports for medico-legal purposes and to develop comprehensive rehabilitation goal setting involving both clients and their families, alongside associated medical teams.

As a consequence of gaining extensive experience as a physiotherapist she extended her career path in Physiotherapy by gaining a post as a part time lecturer for a local university.

Working as a physiotherapist and a lecturer in physiotherapy has given Katie experience in developing both clinical and managerial skills required for the treatment of children and adults with complex needs.

Katie will be supported by the AJ Case Management team including an administrative support team, a compliance team, and a Registered Manager. This ensures that our clients are supported and can expect an excellent standard of service at all times.

AJ Case Management is a specialist brain injury case management service, supporting adults and children to ensure that they achieve effective rehabilitation and quality support.

Case management is a process devoted to the coordination, rehabilitation, care and support of people with complex, clinical needs. It aims to facilitate their independence and improve their quality of life whilst acknowledging safety issues. (British Association of Brain Injury Case Managers)
