#### Specialism

- ✓ Rehabilitation
- ✓ Transition services
- ✓ Mental Health

Alison is an approachable and adaptable Case Manager who has a genuine supportive nature. She is a Social Worker based in the East Midlands with over 10 years experience working with clients who have complex needs.

Alison's specialist knowledge is in the area of adults and young people transitioning into adulthood. Alison also has extensive experience within acute NHS hospitals and working as part of a multi-disciplinary team. This makes her a knowledgeable and strong advocate in ensuring the immediate and long term needs of clients are met.

She is experienced in working alongside Clients, Families, Solicitors and other professionals, undertaking timely assessments, preparing reports and implementing care plans for individuals who have a wide range of physical, learning and mental health needs.

Throughout her career, Alison has developed specialised skills and comprehensive knowledge in Transitions Services, Adult Services, Safeguarding and the Court of Protection. She also has experience of working within the legal framework of statutory legislation including the Care Act, Mental Capacity Act and the NHS Continuing Health Care national framework. This enables her to link client focused rehabilitation programmes with statutory and private care or therapy services.

She is particularly passionate about promoting enablement and empowerment; in order to maximise client's life opportunities. With experience as both a practitioner and manager, Alison has skills in recruitment, supervision and the management of staff teams and budgets; as well as casework and direct work with clients.

Alison will be supported by the AJCM team including administrative support, compliance team, and Registered Manager. This ensures that our clients are supported by a team and can expect an excellent standard of service at all times.

AJCM is a specialist brain injury case management service, supporting adults and children to ensure that they achieve effective rehabilitation and quality support.
