

Shelley Lewis, Associate Case Manager, Midlands

Shelley is an experienced case manager who provides case management for children and adults with complex needs. Shelley covers the West Midlands and surrounding areas.

Shelley is a Registered Adult Nurse with over 13 years post registration experience, starting in a specialist Neurology Acute unit, moving into District Nursing and becoming a Specialist Practitioner of Community Nursing. She has a keen interest and a wealth of experience supporting clients who have suffered a brain injury.

Shelley is flexible and hardworking, with excellent communication skills and is committed to providing the best support to clients and families.

Shelley joined AJCM early in 2018 and has a wide variety of experience caring for complex clients within the community. This includes managing complex MDTs and large teams of support staff, liaising with acute and community NHS staff, devising and implementing training, protocols and person-centered care plans, recruitment and retention of support staff and sourcing of suitable professionals to help clients identify and achieve their goals.

Shelley spends her free time with her two sons, as a volunteer manager and first aid lead for an under 12's rugby team, back stage support for a drama group and active members of a local border morris dancing troupe.

Shelley will be supported by the AJCM team including Administration support, Compliance Team and Registered Manager. This ensures that a team supports our clients and they can expect an excellent standard of care.

“Shelley – this is excellent – well done! A really thorough report with comprehensive costings” - Partner, Serious Injury Team
